

REMARKS

This is submitted as a full and complete response to the outstanding restriction requirement. The Examiner required a three-way restriction, Group I comprising claims 13-18 and 22; Group II comprising claims 19-21; and Group III comprising claims 23-25. The applicant herewith elects to continue prosecution on the claims of Group II, namely claims 19-21 drawn to a method of reconstruction of a mammalian embryo and transferring the cell from the first generation embryo to form a second generation embryo. This election is made without traverse.

Early and favorable action on the merits of the elected claims is courteously awaited.

Respectfully submitted,
JACOBSON HOLMAN PLLC
